Catalogue ~ 1904.

Office and Warehouse:

176 King Street, Opposite City Hall,
Winnipeg, Manitoba.

To Our Patrons...

We beg to return thanks for past favors to THE CHESTER SEED CO. and in soliciting a continuance thereof for the NORTHWEST SEED AND TRADING CO., can assure our patrons that in our new central premises, and with a large stock of Pure Selected Fresh Seeds, imported direct from the growers, together with an experience by our Mr. Chester of over twenty years in the seed trade in this country, you can rely on getting seeds that will give satisfaction. Please give us a trial order.

We wish to call your special attention to our Garden Seed Department. We handle only the choicest quality seeds of high germinating test, and feel confident that they will give entire satisfaction.

Our prices will be found as low as is consistent with the qualities of the seeds, for quality is the first consideration, poor seed being dear at any price.

Yours very truly,

The Northwest Seed and Trading Co., Limited.

Hunter Cooper,

President

R. M. Chester,

SPECIAL.

REMITTANCES BY MAIL.

We suggest the use of Express Money Orders for all remittances by mail.

These money orders can be bought at any agency of the Dominion Express Company at any hour of the day.

They are cheaper, more convenient and afford greater security than any other form of remittance.

No written application is required. Send messenger with amount and name of party to whom you wish the order made payable.

Receipts are furnished purchasers, and prompt refund made for all orders lost, delayed, stolen or destroyed.

HINTS TO PURCHASERS

As the seed season is only of a few months' duration, we would impress upon you the advantage of sending in your orders early. By so doing you will greatly facilitate their execution, and also assure greater accuracy and attention.

Remember, we send free of postage all pkts., ounces and $\frac{1}{4}$ lbs., but anything over that the purchaser must send at the rate of 4c per lb. for postage, otherwise we will be compelled to deduct the amount from the seed ordered.

POUNDS—When ordered at pound rates, 4c per pound must be added for postage, otherwise it will be deducted from the amount by reducing the quantity ordered.

BAGS—To every order for one quarter bushel and upwards to the amount of two bushels, 25c must be added for a new bag in which to ship.

HOW TO SEND MONEY.—All orders or communications shall be mailed to our address, Winnipeg, Manitoba. The money must always accompany the order, and can be sent at our risk by Express money order costing \$5 or less, 3 cents; \$5 to \$10, 6 cents; \$10 to \$30, 10 cents; \$30 to \$50, 15 cents. By P.O. money order or registered letter, it costs 5 cents to register. It is unsafe to send currency in ordinary letters. If currency is sent by express, the charges should be prepaid, and if local cheques are used, 25 cents must be added to cover the cost of collection.

SIGN YOUR NAME.—It frequently occurs that we receive letters containing money and orders which we cannot fill because the sender has failed to sign his name. Again, the P.O. address is frequently omitted, and the postmark being blurred, we are unable to fill the order, no matter how much we desire to do so. Use your order sheet in all cases where you can, fill out the blank and sign your name, and you will have no cause to censure us.

GUARANTEE.—Complaints made that seeds are not good should twice as often be attributed to other causes as to the quality of the seeds. There are hundreds of contingencies continually arising to prevent the best seeds always giving satisfaction, such as sowing too deep, too shallow, in too wet or too dry soil, insects of every description destroying the plants as soon as or before they appear, wet weather, cold weather, frosts, chemical changes in the seed induced by temperature. etc. For the above reasons it is im-

practicable to guarantee seeds under all circumstances, and while we exercise the greatest care to supply every article true to name and of the very best quality, and believe our seeds to be the purest and best to be found, we wish it to be distinctly understood that we sell no seeds with any warrant, expressed or implied, and we will not in any way be responsible for the crop.

CLUBS.—We offer the following liberal inducements to clubs, or those wishing to purchase seeds in packets. The seeds will be sent by mail, postpaid, but these low rates apply to seeds in packets only, and at catalogue prices, but on anything over $\frac{1}{4}$ lb. no reduction whatever will be allowed from catalogue prices.

Send us \$1.00 and select packets to the value of \$1.30

HERBAGEUM FOR HORSES.

We have used Herbageum regularly for some time in our livery stable and find it of great advantage especially for horses that are badly run down. It is a great worm exterminator and keeps a horse's coat slick and his whole system in good condition. We have not found it necessary to increase the amount of feed, and in fact, do not find it necessary to feed as much as directions call for, nor have we found any after ill effect from its use. We usually have from fifteen to twenty horses in our stables.

ALF. AND GEO. HILLMER,
OAKVILLE, ONT. April 7, 1903.

HERBAGEUM FOR COWS, PIGS AND POULTRY.

I feed Herbageum to cows, pigs and chickens. I have used it for three years. Fed to milch cows it makes an increase of two quarts of milk per day per cow and keeps the cows in good thrifty shape. It keeps the hens laying right along and my pigs thrive on it.

J. WILLIAM RICHARD,
AMHERSTBURG, ONT., Oct. 16, 1903.

HERBAGEUM FOR CALVES.

I raised a calf on skim milk and Herbageum and at six months it weighed 475 lbs. It is the best thing I know of for calves and pigs.
